PATENT
Attorney Docket No.: EPIGEN1480

Amendments to the Specification:

Applicants respectfully request the Specification be amended as follows. Under M.P.E.P. §608.01(q) and 37 C.F.R. §1.125, Applicants submit herewith a substitute specification in both marked-up and clean formats as Exhibit A and Exhibit B, respectively. Applicants respectfully request the original specification be deleted and the substitute specification as shown in Exhibit B be entered. Applicants further submit that the substitute specification includes no new matter and would like to draw the Examiner's attention to page number 39, inadvertently left blank in the specification as originally filed, which has been deleted in the Exhibits A and B submitted herewith.
